

Projects management Chatroom

Each project page has a dedicated chatroom to help user in exchanging quick information

Sample chatroom page

Note: you can delete last post on **current conversation**

Note: To insert a document link, the document must be 1st **uploaded** on the project page and sender must have **access** to it

The screenshot shows a chatroom interface for '311 | Acme supply'. At the top, there is a header with the project ID 'A-CA-6_09-BP-311'. A callout 'Link to project page' points to this ID. On the right, there is a 'Switch alerts On / Off' toggle and a 'Print conversation in Pdf' button. Below the header, a 'Users list' shows 'admin', 'user', and 'Partner_user'. A callout explains that users with access to the project page can access the chatroom. The chat history shows a message from 'admin' saying 'Hello world!' with a 'Click to reply to this message' callout. Below that, a message from 'user2' says 'Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor Document: [project-sample.pptx](#)' with a 'Click to expand text' callout. A 'Delete your last post' button is shown next to a message from 'admin' with a timestamp of '17:23'. At the bottom, there is a text input field with 'Read our #b|' and a callout 'Use # tag to insert file from project page'. Below the input, there is a file suggestion bar with 'budget_sample.xlsx' and 'Brochure_sample.pdf', with a callout 'Pick file suggestion to insert'. A 'Send' button is at the bottom left with a callout 'Click to send chat'. On the right side of the chat area, there are scroll up and down arrows with a callout 'Scroll up or down'.
